

One Partner For All Your Commercial Mechanical Needs

- Commercial Service
- Routine Maintenance
- Design/Build
- Special Projects

The experienced IT Landes® team brings **Trust, Quality, and Value** to every commercial mechanical project, whether large or small.

Call 215-256-4221
for a responsive, reliable, proven team.

Choose IT Landes:

- Locally-owned and operated company with over 90 years of experience
- Employee-owned company known for delivering Trust, Quality, and Value
- On-call services to provide emergency service at all times
- Experienced technicians capable of installing or servicing most brands of equipment

Commercial Service (On Demand):

A problem with your heating, cooling, or plumbing systems impacts a business in many ways, from comfort to operating costs to quality control. IT Landes responds to Commercial Service needs quickly and provides thorough, reliable service.

Routine Maintenance:

Keep your HVAC and plumbing systems operating at peak efficiency to avoid system failures, reduce costs, and extend the lifespan of your systems through routine maintenance.

Design/Build:

For Commercial, Industrial, Retail, or Institutional projects, you're in good hands with the IT Landes team. Our experienced team can assist at all stages of a project, regardless of size or complexity, from design and engineering to installation and service. We are known for our ability to work around tight schedules and overcome challenging obstacles.

Special Projects:

Do you need more than a maintenance call, but less than a large Design/Build project? Our Special Projects team is here to help businesses with critical needs such as equipment replacements and upgrades.

Call IT Landes® at 215-256-4221 for
installation or service of:

- Cooling Towers
- Boilers
- Chillers
- Water Heaters
- Circulator Pumps
- Split Systems
- Packaged Units
- Air Handlers
- Energy Recovery Units
- Humidifiers
- Dehumidification Systems
